On June 12, 2001, the filing fee for the above-captioned patent application, in addition to a fee for claims in excess of 20 and independent claims in excess of 3, was paid to the U.S. Patent and Trademark Office, claiming small entity status in the above-captioned application. In addition, fees were paid on January 25, 2002 in relation to a three-month extension of time and a surcharge under 37 C.F.R. § 1.16(e). However, small entity status may no longer have been proper at the time these fees were paid in the above-captioned application. Through error and without deceptive intent, the Patent Office was not notified of this change in accordance with 37 CFR 1.28(b) at the time the fees were paid. As a result, the fees paid by Applicant were deficient. In accordance with 37 CFR 1.28(c), a check is enclosed in the amount of \$1414, the deficiency between the amount paid and the amount due, calculated as follows:
